

Light up the Wight CHRISTMAS LIGHTS

This year has been very challenging which is why we all deserve some extra cheer and joy this Christmas. Therefore Island Echo is bringing you Light up the Wight for the 5th year running.

A large number of regular displays have returned for 2020, alongside many new entries who are all vying for the podium place.

Remember, when visiting the displays follow COVID-19 regulations and social distancing.

We hope you have fun viewing the lights and we wish you a Merry Christmas.
